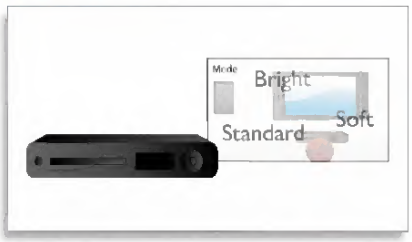
Highlights

Real Flat picture tube
The flatter tube provides a wider viewing angle while minimizing reflections for the best picture possible.

Contrast & Sharpness Control
Contrast and Sharpness Control for better image control

Quality Mono sound
Crisp and clear mono sound

Smart Picture



Smart Picture provides the optimum picture settings for color, brightness, saturation, contrast, sharpness, and so on, to enhance your overall viewing experience at all times.

Rear Audio/Video input/output
Mono audio and video input and output connectors are provided on the back of the set.

Auto Volume Leveler
The Auto Volume Leveler moderates sudden volume increases when switching broadcast channels or when commercials come on. It suppresses the volume increases in the sound modulation. The Auto Volume Leveler is great new feature!
